

Sinclair Broadcasting's decision to force its affiliates to air the anti Kerry movie amounts to a donation to the Bush campaign and a violation of its responsibility to the public in return for free access to public airwaves. I don't want my airwaves used in such blatantly partisan ways. I'm not a lawyer, but surely their actions are illegal. I want the FCC to pressure Sinclair to rescind its order and I want Sinclair to be reprimanded for its abuse of its license. Then, I want the FCC to deny it a license when it comes up for renewal.
